

Bryant Hall

As President of Tiber Creek Health Strategies, Bryant Hall offers clients years of experience and expertise leading coalitions, developing legislative strategies and creating political advocacy campaigns on a range of pharmaceutical, biotechnology and health care issues. Bryant founded Tiber Creek Health Strategies in 2009 following six years at the Pharmaceutical Research and Manufacturers of America (PhRMA), where he led the Federal Affairs Department and helped navigate the industry through the Affordable Care Act.

He directed the efforts of a large team of internal lobbyists and external consultants representing the association and its membership; created and managed the industry's messaging campaign while refining and adapting it to the legislative dialogue; and coordinated the political and advertising budgets. In addition, Bryant also directed PhRMA's political campaign during his tenure.

Bryant worked in the United States Senate for 11 years in various capacities, serving as Senator Bob Graham's (D-FL) health care counsel, specifically related to Medicare and Medicaid issues, during the Senator's tenure on the Senate Finance Committee. He also served as Senator Graham's Legislative Director and as Staff Director for the Senate Veterans' Affairs Committee, focusing on the Veterans' Affairs hospital system.
